The OB/GYN Group of Austin

The OB/GYN Group of Austin's Laboratory has received the COLA Laboratory Excellence Award for 2009 - 2010.

Austin – May 13, 2009 – The Ob/Gyn Group of Austin's in-house laboratory has met all the criteria for Laboratory Accreditation by COLA, a national healthcare accreditation organization. Accreditation is given only to laboratories that apply rigid standards for quality in day-to-day operations, demonstrate continued accuracy in the performance of proficiency testing, and pass a rigorous on-site laboratory survey. The Ob/Gyn Group of Austin's Laboratory has earned COLA accreditation as a result of a long-term commitment to provide quality service to their patients.

Dr. David Reue, The Ob/Gyn Group of Austin's Laboratory Director, stated, "We are certainly pleased to be recognized for our commitment to performing quality patient testing. It underscores our commitment to excellence and exemplary patient care in all aspects of our practice." Bobbi Rogerson, MT (ASCP), The Ob/Gyn Group of Austin's Laboratory Supervisor added, "This award reflects our dedication to on-going excellence in testing practices and is a wonderful source of confidence for our patients."

About COLA

COLA is a nonprofit, physician-directed organization promoting quality and excellence in medicine and patient care through programs of voluntary education, achievement and accreditation. COLA is approved by the federal government and sponsored by the American Academy of Family Physicians, the American Medical Association, the American College of Physicians-American Society of Internal Medicine and the American Osteopathic Association. For more information, contact www.cola.org.

About The Ob/Gyn Group of Austin

The Ob/Gyn Group of Austin, formerly known as Drs. Des Rosiers & Wernecke, Associates, was established in 1965. The name was changed in September of 2008 to reflect its growing clientele and longtime service to Austin women. Today it has a staff of eight renowned, board certified Ob/Gyn physicians, a nurse midwife, nurse practitioner and a skilled business office. The group is committed to providing Austin women with premier expertise in obstetrics and gynecology, including pregnancy care and management and routine wellness exams. This long established group practice offers the most advanced, state-of-the-art technology, with many services available in-office, including lab work, bone density testing and digital mammography.
